Reading Skills Challenge - Match the Question to the Skill

Match the question with the type of skill needed. One has been done for you.

This will help you in your future Reading work. There is more than 1 question for each skill.

Question examples

Q1. What impression do you get of George?

Q2. How many adults does George live with?

Q3. What do you think about George's grandma? Why?

Q4. Find a word or sentence that George uses to describe Grandma.

Q5. Order these events. Number 1 has been done for you.

Mum leaves 1

George runs out of the room.

Grandma talks to George

Skills

Fetch

Looking back in the text to find the answer (evidence).

The question only requires you to find the right answer. This may be a word, a sentence or a sequence.

Inference

Give your opinion and then support it with evidence from the text.

To get all of your marks, you will need both your opinion and evidence.

Reading Skills Challenge Match the Answers to the Skill

Match the answer with the type of skill needed. One has been done for you.

There is more than 1 answer for each skill. The answers

Question examples

I think that *Grandma* is a sneaky woman because she is only mean to *George* when mum and dad are not there,

Grandma was a "horrid old witchy woman".

George lives with 3 adults. They are *Grandma*, his father and his mother.

I think *George* is mischievous. I think this because as soon as mum leaves, he thinks about making mischief.
