

Maths Task- Week Beginning 05.10.2020

Solve these sums:

$15 + 2 =$

$10 + 9 =$

$4 + 6 =$

$2 + 7 =$

$11 + 6 =$

$15 - 3 =$

$10 - 7 =$

$5 - 4 =$

$8 - 8 =$

$13 - 3 =$

Circle the pairs of number sentences that are equal.

$8 - 7$

$7 - 6$

$10 - 1$

$9 - 5$

$6 + 4$

$5 + 5$

$8 + 6$

$2 + 3$

$8 + 3$

$6 + 5$

I know $3 + 6 = 9$, so I know $\underline{\quad} + \underline{\quad} = \underline{\quad}$

I know $8 - 5 = 3$, so I know $\underline{\quad} - \underline{\quad} = \underline{\quad}$
