

Wordsworth Computing Curriculum

| EYFS | KS1 & 2 | | | | | |
|---|---|---|---|--|---|---|
| We develop children's experiences of technology offering them a range of equipment and skills. We also liaise with parents and use this feedback to assess the different technology children are using at home. | At Wordsworth school we provide a computing curriculum that allows children to learn through practice and support how to manipulate data, produce programs that have an outcome and how to use the web safely and respectfully to communicate and research. With these skills they will be able to positively engage with communicate using today's technology and be well prepared to access technology in the future. | | | | | |
| EYFS | Year 1 | Year 2 | Year 3 | Year 4 | Year 5 | Year 6 |
| Skills | | | | | | |
| Programming | | | | | | |
| | <i>Pupils should be taught to understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instructions. Create and debug simple programs. Use logical reasoning to predict the behaviour of simple programs.</i> | | <i>Pupils should be taught to design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts. Use sequence, selection and repetition in programs; work with variables and various forms of input and output. Use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms and programs. Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals.</i> | | | |
| <ul style="list-style-type: none"> • I can make a floor robot move. • I can use simple software to make something happen. • I can make choices about the buttons and icons I press, touch or click on. | <ul style="list-style-type: none"> * I can give instructions to my friend and follow their instructions to move around. * I can describe what happens when I press buttons on a robot. * I can press the buttons in the correct order to make my robot do what I want. * I can describe what actions I will need to do to make something happen and begin to use the word algorithm. * I can begin to predict what will happen for a short | <ul style="list-style-type: none"> * I can give instructions to my friend (using forward, backward and turn) and physically follow their instructions. * I can tell you the order I need to do things to make something happen and talk about this as an algorithm. * I can program a robot or software to do a particular task. * I can look at my friend's program and tell you what will happen. | <ul style="list-style-type: none"> * I can break an open-ended problem up into smaller parts. * I can put programming commands into a sequence to achieve a specific outcome. * I keep testing my program and can recognise when I need to debug it. * I can use repeat commands. * I can describe the algorithm I will need for a simple task. * I can detect a problem in an algorithm which could result in unsuccessful programming. | <ul style="list-style-type: none"> * I can use logical thinking to solve an open-ended problem by breaking it up into smaller parts. * I can use an efficient procedure to simplify a program. * I can use a sensor to detect a change which can select an action within my program. * I know that I need to keep testing my program while I am putting it together. * I can use a variety of tools to create a program. * I can recognise an error in a program and debug it. | <ul style="list-style-type: none"> * I can decompose a problem into smaller parts to design an algorithm for a specific outcome and use this to write a program. * I can refine a procedure using repeat commands to improve a program. * I can use a variable to increase programming possibilities. * I can change an input to a program to achieve a different output. | <ul style="list-style-type: none"> * I can deconstruct a problem into smaller steps, recognising similarities to solutions used before. * I can explain and program each of the steps in my algorithm. * I can evaluate the effectiveness and efficiency of my algorithm while I continually test the programming of that algorithm. * I can recognise when I need to use a variable to achieve a required output. * I can use a variable and operators to stop a program. |

| | | | | | | |
|--|--|--|--|--|--|---|
| | <p>sequence of instructions.</p> <ul style="list-style-type: none"> * I can begin to use software/apps to create movement and patterns on a screen. * I can use the word debug when I correct mistakes when I program. | <ul style="list-style-type: none"> * I can use programming software to make objects move. * I can watch a program execute and spot where it goes wrong so that I can debug it. | | <ul style="list-style-type: none"> * I recognise that an algorithm will help me to sequence more complex programs. * I recognise that using algorithms will also help solve problems in other learning such as Maths, Science and Design and Technology. | <ul style="list-style-type: none"> * I can use 'if' and 'then' commands to select an action. * I can talk about how a computer model can provide information about a physical system. * I can use logical reasoning to detect and debug mistakes in a program. * I use logical thinking, imagination and creativity to extend a program. | <ul style="list-style-type: none"> * I can use different inputs (including sensors) to control a device or onscreen action and predict what will happen. * I can use logical reasoning to detect and correct errors in a algorithms and programs. |
|--|--|--|--|--|--|---|

Handling Data

| | | |
|--|--|---|
| | <i>Pupils should be taught to use technology purposefully to organise, store, manipulate and retrieve digital content.</i> | <i>Pupils should be taught to select, use and combine a variety of software (including internet services) on a range of digital devices to collect, analyse, evaluate and present data and information.</i> |
|--|--|---|

| | | | | | | |
|--|--|--|--|--|--|--|
| <ul style="list-style-type: none"> • I can tell you about different kinds of information such as pictures, video, text and sound. | <p>Link to Science Classifying</p> <ul style="list-style-type: none"> * I can talk about the different ways in which information can be shown. * I can use technology to collect information, including photos, video and sound. * I can sort different kinds of information and present it to others. * I can tell you what kind of information I could use to help me investigate a question. | | | <p>Link to Science Aut 2</p> <ul style="list-style-type: none"> * I can organise data in different ways. * I can collect data and identify where it could be inaccurate. * I can plan, create and search a database to answer questions. * I can choose the best way to present data to my friends. * I can use a data logger to record and share my readings with my friends. | | <ul style="list-style-type: none"> * I can plan the process needed to investigate the world around me. * I can select the most effective tool to collect data for my investigation. * I can check the data I collect for accuracy and plausibility. * I can interpret the data I collect. * I can present the data I collect in an appropriate way. * I use the skills I have developed to interrogate a database. |
|--|--|--|--|--|--|--|

Multimedia

| | | | | | | |
|---|---|---|--|--|---|--|
| | <i>Pupils should be taught to use technology purposefully to create digital content.</i> | | <i>Pupils should be taught to select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals.</i> | | | |
| <ul style="list-style-type: none"> • I can move objects on a screen. • I can create shapes and text on a screen. • I can use technology to show my learning. | | <ul style="list-style-type: none"> * I can use technology to organise and present my ideas in different ways. * I can use the keyboard on my device to add, delete and space text for others to read. * I can tell you about an online tool that will help me to share my ideas with other people. * I can save and open files on the device I use. | <ul style="list-style-type: none"> * I can create different effects with different technology tools. * I can combine a mixture of text, graphics and sound to share my ideas and learning. * I can use photos, video and sound to create an atmosphere when presenting to different audiences. * I can change the appearance of text to increase its effectiveness. * I can use appropriate keyboard commands to amend text on my device, including making use of a spellchecker. * I can evaluate my work and improve its effectiveness. * I can use an appropriate tool to share my work online. I can give constructive feedback to my friends to help them improve their work and refine my own work. | | <ul style="list-style-type: none"> * I can use text, photo, sound and video editing tools to refine my work. * I can use the skills I have already developed to create content using unfamiliar technology. * I can select, use and combine the appropriate technology tools to create effects that will have an impact on others. * I can tell you why I select a particular online tool for a specific purpose. * I can be digitally discerning when evaluating the effectiveness of my own work and the work of others. | |
| Technology in our lives taught through a range of subjects not explicit computing lessons | | | | | | |
| | <i>Pupils should be taught to use technology purposefully to organise, store, manipulate and retrieve digital</i> | | <i>Pupils should be taught to understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration.</i> | | | |

| | | | | | | |
|--|---|--|---|---|---|---|
| | <i>content and to recognise common uses of information technology beyond school.</i> | | <i>Use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content.</i> | | | |
| <ul style="list-style-type: none"> • I can tell you about technology that is used at home and in school. • I can operate simple equipment. • I can use a safe part of the Internet to play and learn. | <ul style="list-style-type: none"> * I can recognise the ways we use technology in our classroom. * I can recognise ways that technology is used in my home and community. * I can use links to websites to find information. * I can begin to identify some of the benefits of using technology. | <ul style="list-style-type: none"> * I can tell you why I use technology in the classroom. * I can tell you why I use technology in my home and community. * I am starting to understand that other people have created the information I use. * I can identify benefits of using technology including finding information, creating and communicating. * I can talk about the differences between the Internet and things in the physical world. | <ul style="list-style-type: none"> * I can save and retrieve work on the Internet, the school network or my own device. * I can talk about the parts of a computer. * I can tell you ways to communicate with others online. * I can describe the World Wide Web as the part of the Internet that contains websites. * I can use search tools to find and use an appropriate website. * I think about whether I can use images that I find online in my own work. | <ul style="list-style-type: none"> * I can tell you whether a resource I am using is on the Internet, the school network or my own device. * I can identify key words to use when searching safely on the World Wide Web. * I think about the reliability of information I read on the World Wide Web. * I can tell you how to check who owns photos, text and clipart. * I can create a hyperlink to a resource on the World Wide Web | <ul style="list-style-type: none"> * I can describe different parts of the Internet. * I can use different online communication tools for different purposes. * I can use a search engine to find appropriate information and check its reliability. * I can recognise and evaluate different types of information I find on the World Wide Web. * I can describe the different parts of a webpage. * I can find out who the information on a webpage belongs to. | <ul style="list-style-type: none"> * I can tell you the Internet services I need to use for different purposes. * I can describe how information is transported on the Internet. * I can select an appropriate tool to communicate and collaborate online. * I can talk about the way search results are selected and ranked. * I can check the reliability of a website. * I can tell you about copyright and acknowledge the sources of information that I find online. |
| E-safety taught in Spring 1 with PSHE (Digital Literacy) | | | | | | |
| <u>PSHE Buzz Words</u> Digital Citizen (DC) Cyber Bullying (CB) Spam (Sp) On-line Sales (OS) Digital Footprint (DF) Online Media (OM) Stereotypes (St) Online Community (OC) | <i>Pupils should be taught to use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or their online technologies.</i> | | <i>Pupils should be taught to use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour, identify a range of ways to report concerns about content and contact.</i> | | | |
| <ul style="list-style-type: none"> • I can ask an adult when I want to use the Internet. | <ul style="list-style-type: none"> * I can keep my password private. (DF) * I can tell you what personal information is. | <ul style="list-style-type: none"> * I can explain why I need to keep my password and personal | <ul style="list-style-type: none"> * I can talk about what makes a secure password and why they are important. (DF) | <ul style="list-style-type: none"> * I choose a secure password when I am using a website. (DF / OS) | <ul style="list-style-type: none"> * I protect my password and other personal information. (DF) | <ul style="list-style-type: none"> * I protect my password and other personal information. (DF) |

| | | | | | | |
|---|---|---|--|--|--|---|
| <ul style="list-style-type: none"> • I can tell an adult when something worrying or unexpected happens while I am using the Internet. • I can be kind to my friends. • I can talk about the amount of time I spend using a computer / tablet / game device. • I am careful with technology devices. | <ul style="list-style-type: none"> * I can tell an adult when I see something unexpected or worrying online. (CB) * I can talk about why it's important to be kind and polite. (DC) * I can recognise an age appropriate website. (OM / DC) * I can agree and follow sensible e-Safety rules. (DC / CB) | <p>information private. (DF)</p> <ul style="list-style-type: none"> * I can describe the things that happen online that I must tell an adult about. (CB) * I can talk about why I should go online for a short amount of time. (DC) * I can talk about why it is important to be kind and polite online and in real life. (DC) * I know that not everyone is who they say they are on the Internet. (S) | <ul style="list-style-type: none"> * I can protect my personal information when I do different things online. (DF) * I can use the safety features of websites as well as reporting concerns to an adult. (CB) * I can recognise websites and games appropriate for my age. (OM / DC) * I can make good choices about how long I spend online. (DC) * I ask an adult before downloading files and games from the Internet. (Sp) * I can post positive comments online. (DC / OC) <p>(PSHE) - Online sales, V bucks, Loot boxes</p> | <ul style="list-style-type: none"> * I can talk about the ways I can protect myself and my friends from harm online. (CB) * I use the safety features of websites as well as reporting concerns to an adult. (CB) * I know that anything I post online can be seen by others. (DF) * I choose websites and games that are appropriate for my age. (OM) * I can help my friends make good choices about the time they spend online. (DC) * I can talk about why I need to ask a trusted adult before downloading files and games from the Internet. (Sp) * I comment positively and respectfully online. (DC / OC) | <ul style="list-style-type: none"> * I can explain why I need to protect myself and my friends and the best ways to do this, including reporting concerns to an adult. (CB) * I know that anything I post online can be seen, used and may affect others. (DF) * I can talk about the dangers of spending too long online or playing a game. (DC / OM) * I can explain the importance of communicating kindly and respectfully. (DC) * I can discuss the importance of choosing an age-appropriate website or game. (DC / OM) * I can explain why I need to protect my computer or device from harm. (Sp) * I know which resources on the Internet I can download and use. (OM) | <ul style="list-style-type: none"> * I can explain the consequences of sharing too much about myself online. (DF / CB) * I support my friends to protect themselves and make good choices online, including reporting concerns to an adult. (CB / DF) * I can explain the consequences of spending too much time online or on a game. (DC / OM) * I can explain the consequences to myself and others of not communicating kindly and respectfully. DC / CB) * I protect my computer or device from harm on the Internet. (Sp) |
