

Year 6 Topic: Year Six Show and Ukulele Jam (Summer 2)

Prior Learning: In Year Four we learned how to play chords (C, F, Am) and separate notes on ukulele

Concepts:
Singing
Playing
Listening
Composing
Musicianship

In this unit we will learn the songs for the Year Six show. If there is extra time available, we will revise our ukulele skills and learn some new chords.

4. TWAL To play a four-chord song

Look at the common chord pattern used in 4-chord songs C G Am F and try it out with some playalong videos.

1. TWAL To recap C and F chords

We will remember how to hold and strum the ukulele and which fingers to use for the different chords. We will practise changing between C and F and revisit "The Peanut Song".

5. TWAL To ensure that we know all of the songs for our Y6 show

We will work just on the songs today, making sure that we know the words off by heart.

2. TWAL To recap C and F chords and learn G7

We will play along with a ukulele video and learn the finger position for G7.

6. TWAL To have a final rehearsal of the songs for the Y6 show.

It's showtime next week! We will make sure that the songs are sounding the best that they can.

3. TWAL To play three chord songs

We will look at some songs that use C, F and G7 and work to get our fingers used to changing over.

Words we will know!
