1. Purpose

The EU's General Data Protection Regulation (the "**GDPR**"), as well as domestic legislation that remains in place until the GDPR comes into force on 25 May 2018 or that enhances or replaces the GDPR from time to time, lay down rules to protect personal privacy and uphold individuals' rights (the "**Data Protection Rules**"). The Data Protection Rules apply to anyone who "processes" (e.g. handles or has access to) individuals' personal data.

This Policy is intended to ensure that personal information is processed properly and securely and in accordance with the Data Protection Rules. It will apply to personal information regardless of the way it is used, recorded and stored and whether it is held in paper files or electronically.

2. Scope

This Policy applies to all individuals and academies in Hamwic Education Trust, company number 10749662 (the "**Trust**") and to each of Jefferys Education Trust, Edwin Jones Trust, Ridings Trust and Hillary Trust while they exist (together the "**Legacy MATs**"). For the purposes of this Policy, the term "**staff**" means all employees within the Trust, the Legacy MATs and their schools including permanent, fixed-term and temporary staff; as well as governors, third party representatives, agency workers and volunteers engaged with the Trust.

3. Data Protection Principles

The GDPR provides seven data protection principles, which the Trust will follow to ensure good data handling:

- 1) **Lawfulness, fairness and transparency:** Personal data shall be processed fairly, lawfully and in a transparent manner;
- 2) **Purpose limitation:** Personal data shall be obtained only for one or more specified, explicit and legitimate purposes and not further processed in a way that is incompatible with those purposes (unless it is for archiving purposes in the public interest, statistical purposes or scientific or historical research purposes);
- 3) **Data minimisation:** Personal data shall be adequate, relevant and limited to what is necessary for its processing purposes;
- 4) **Accuracy:** Personal data shall be accurate and where necessary kept up to date, and every reasonable step must be taken to ensure that data which is inaccurate is erased or rectified without delay;
- 5) **Storage limitation:** Personal data shall not be kept in a form which allows the identification of individuals for longer than is necessary for the purpose for which it is processed (unless it is solely for archiving purposes in the public interest, statistical purposes or scientific or historical research purposes and appropriate security measures have been implemented);
- 6) **Integrity and confidentiality:** Personal data shall be processed in a manner that ensures its security, using appropriate technical and organisational security measures, in order to protect against unauthorised or unlawful processing and against accidental loss, destruction or damage; and
- 7) **Accountability:** The organisation in control of the data is responsible for compliance with the other principles and must be able to demonstrate compliance with them.

4. Responsibilities

The Trust is responsible for the activities of all of the academies in the Trust and the Legacy MATs, even though some functions are delegated to School Leaders and/or Local Governing Bodies. The Trust is the legal entity responsible for the processing of personal data by the academies within the Trust and the Legacy MATs and is therefore the data controller.

The Data Protection Rules require certain organisations to appoint a Data Protection Officer ("**DPO**") giving them prescribed responsibilities. The Data Protection Officer for the Trust is Gemma Carr, Deputy CEO (Business). The DPO will have overall responsibility for the Trust's compliance with the Data Protection Rules. The DPO's responsibilities will include, but are not limited to, the following tasks:

- Keeping the Trust's Board up to date with any changes to the way the academies process data;
- Taking steps to promote individuals' awareness of why the Trust and the Legacy MATs need their personal information, how the Trust will use it and with whom the Trust may share it;
- Setting out clear procedures for responding to requests for access to personal information, known as subject access requests;
- Arranging appropriate data protection training for academies' staff so they are aware of their responsibilities;
- Ensuring that staff are aware of this Policy and are following it; and
- Ensuring that new software or new services for the academies are compliant, and that data protection impact assessments are carried out where necessary.

The Trust will ensure that the DPO is provided with resources and support to fulfil all of their responsibilities. Individuals may contact the DPO regarding any issues relating to the processing of their data by the Trust or a Legacy MAT or the exercise of any of their rights in relation to it. Contact details for the DPO can be found at the end of this Policy, in the Contact Information section.

The Trust's Board can delegate the day-to-day responsibility for ensuring compliance with the Data Protection Rules and this Policy to the School Leader in each school, who will appoint a Data Compliance Officer ("**DCO**"). Although the DPO will have overall responsibility for the compliance of the Trust and the Legacy MATs with the Data Protection Rules and this Policy, the DCO will be responsible within their school for the following tasks:

- Ensuring that individuals are made aware of the Privacy Notice (see section 5) as and when any information is collected;
- Checking the quality and accuracy of the information held by the school;
- Applying the Trust's records retention schedule to ensure that information is not held longer than necessary by the school (the schedule can be found by visiting the Trust's intranet).
- Ensuring that when information is authorised for disposal, it is done so appropriately;
- Ensuring that appropriate security measures are in place to safeguard personal information, whether it is held in paper files or electronically;
- Only sharing personal information when it is necessary, legally appropriate to do so and in accordance with the Privacy Notice; and
- Ensuring that staff in the school are aware of this Policy and are following it.

The Trust will renew its and any Legacy MAT's registration with the Information Commissioner's Office (ICO) if and when necessary and pay any fees due to the ICO.

4.1 Responsibilities of Staff

All staff are responsible for ensuring that:

- Any personal data that they hold is kept securely;
- Personal information is not disclosed orally, in writing, via web pages or by any other means, accidentally or otherwise, to any unauthorised third party;
- Information or data about pupils is only shared with other staff as necessary and only by secure methods (such as the secure email provider). Staff should note that unauthorised disclosure will usually be a disciplinary matter and may be considered gross misconduct in some cases; and
- Any additional associated policies are complied with (see section 10).

5. Privacy Notice

When any information is collected about individuals, they must be made aware of the Privacy Notices (see Appendix 1 and 2 for templates which should be adapted for each school in conjunction with the DPO and the DCO). The Privacy Notice provides information about what, why and how information is processed. You should make yourselves aware of the Privacy Notice, which should be read in line with this Policy.

6. Processing, Disclosure and Sharing of Information

The Trust processes personal data for a number of different purposes including:

Lawful Ground for Processing	Examples
Where we have your consent	Posting photographs of a pupil on the school's or the Trust's website Providing pupil information for the administration of a school trip Taking fingerprints for catering purposes
Where it is necessary for the performance of a contract to which an individual is party	Providing information to a school photographer about photos required for a pupil
Where it is necessary for compliance with a legal obligation	Passing on pupil information to the Department for Education Passing on pupil information to the Local Authority
Where it is necessary to protect the vital interests of an individual	Passing on information about a pupil's serious health condition to the NHS or a health professional where there is a risk of death or serious injury to that pupil or another individual
Where it is necessary for performance of a task in the public interest	Updating and maintaining a pupil's educational record as the pupil develops and progresses Carrying out safeguarding activities

The Trust, the Legacy MATs and any academies within the Trust may also share data that they hold with members of staff, relevant parents/guardians, other academies within the Trust, Legacy MATs, Local Authorities, the Department for Education, Ofsted, statutory bodies and other authorities where it is necessary to do so or where we are permitted to do so e.g. for the prevention of crime, to health professionals and examination bodies or any other body that the Trust or the school deems appropriate. Any sharing of data must be in accordance with the Data Protection Rules, this Policy and the Privacy Notice.

If the Trust, any of its academies or a Legacy MAT receive enquiries from third parties, particularly by telephone, it is important to be careful about what data is disclosed. The following steps should be followed:

- Ensure the identity of the person making the enquiry is verified and check whether they are entitled to receive the information they have requested;
- Require the third party to put their request in writing in order to verify their identity and their entitlement to the data requested;
- If in doubt, refer the request to the DPO of the Trust;
- When providing information to a third party, do so only in accordance with the Data Protection Rules, the Privacy Notice and this Policy; and
- Consider if a parent or guardian should have access to a pupil's information or whether the pupil is old enough to make any requests themselves.

6.1 Images and Biometric Data

- **Websites** – Where personal information, including images, is placed on the Trust's, a Legacy MAT's or school's website, consent will be sought from the individual as appropriate.
- **Photographs** – Permission will be sought from the individual by the Trust or the school before photographs of the individual are used or displayed, including in the school prospectus, newsletter or any other such publication where they can be clearly identified individually.
- **CCTV** – Where a school uses CCTV, it is responsible for ensuring procedures for use are in compliance with this Policy and with the CCTV Code of Conduct which can be found at <https://ico.org.uk/for-organisations/guide-to-data-protection/cctv/>.
- **Fingerprints** – Where fingerprint records are taken from secondary pupils for catering or similar purposes, explicit consent will be sought from the individual as appropriate.
- **Social Media** – Where personal information, including images, is placed on the Trust's, a Legacy MAT's or school's social media platforms e.g. Facebook/Twitter/LinkedIn, etc., consent will be sought from the individual as appropriate.

7. Requests for Access to Information

Any person whose personal information is held by the Trust, any of its academies or a Legacy MAT has a right to ask for access to this information. These requests will be free-of-charge in almost all circumstances on and after 25 May 2018 (a £10 fee may be charged up to and including 24 May 2018). Any requests must be made in writing to the school's DCO or the Trust's DPO. A response to any such request must be dealt with within one month from the date on which the request was received, if it is received on or after 25 May 2018 (or within 40 days if the request was made up to and including 24 May 2018).

Unlike the separate right of access to a pupil's progress and attainment record, the right to make a subject access request is the pupil's right. Parents/guardians are only entitled to access information about their child (by making a request) if the child is unable to act on their own behalf e.g. because the child is not mature enough to understand their rights or if the child has given their consent. If you are unsure about whether or not to provide information about a pupil to a parent or guardian, please speak to your DCO or the Trust's DPO before providing any information.

Requests that fall under the Freedom of Information Act 2000 will be dealt with in accordance with the Trust's Freedom of Information Policy.

More information and detailed guidance can be found by visiting www.ico.gov.uk.

Individuals also have other legal rights under the Data Protection Rules, including to object to and prevent processing in certain circumstances and to have inaccurate personal data corrected or deleted. More information on these rights can be found in the Privacy Notice under "Requesting access to personal data".

8. Complaints and Breach Notification

Complaints should be made following the Trust's Complaints Procedure.

Information about how the Trust, its academies and the Legacy MATs will deal with data breaches, including who staff should contact if they believe there may have been a data breach, can be found in the Trust's Data Breach Procedure (Appendix 3). The Data Protection Rules contain requirements about handling of breaches, which the Trust must comply with, so please ensure that you immediately report any breaches in accordance with the Data Breach Procedure.

9. Contact Information

Your first point of contact should be the DCO for your school Nicky Tregear, nicky.tregear@wordsworthprimary.co.uk. Their information should be available in the School Office and by asking the School Leader. If the DCO is unavailable, you should contact the Trust's DPO.

Collecting pupil information

Whilst the majority of pupil information you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the General Data Protection Regulation, we will inform you whether you are required to provide certain pupil information to us or if you have a choice in this.

Storing pupil data

We hold pupil data for the period of time set out in the Hamwic Education Trust's record retention schedule (details of which are available upon request); this may involve data being held until a pupil has reached the age of 25.

We do not store data outside of the UK.

Who do we share pupil information with?

We routinely share pupil information with:

- our academy trust company, Hamwic Education Trust;
- other schools within Hamwic Education Trust;
- schools that the pupil attends after leaving us;
- the relevant local authority;
- the Department for Education (DfE); and
- health and wellbeing professionals that provide pupil services for our school (such as speech and language therapists and educational psychologists).

We may also share data with third party suppliers who process data on our behalf, such as publishers of school handbooks, official photographs and web designers or IT providers.

Aged 14+ qualifications

For pupils enrolling for post-14 qualifications, the Learning Records Service will give us a pupil's unique learner number (ULN) and may also give us details about the pupil's learning or qualifications.

Why we share pupil information

We do not share information about our pupils with anyone without consent unless the law and our policies allow us to do so.

We share pupils' data with the DfE on a statutory basis. This data sharing underpins school funding and educational attainment policy and monitoring.

We are required to share information about our pupils with the DfE under regulation 5 of The Education (Information About Individual Pupils) (England) Regulations 2013.

Data collection requirements:

To find out more about the data collection requirements placed on us by the DfE (for example; via the school census) go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

Youth support services

What is different about pupils aged 13+?

Once our pupils reach the age of 13, we also pass pupil information to the local authority and/or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- youth support services; and
- careers advisers.

A parent/guardian can request that **only** their child's name, address and date of birth is passed to the local authority or provider of youth support services by informing us. This right is transferred to the child/pupil once he/she reaches the age of 16.

Our pupils aged 16+

We will also share certain information about pupils aged 16+ with the local authority and/or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- post-16 education and training providers;
- youth support services; and
- careers advisers.

For more information about services for young people, please visit the local authority's website.

The National Pupil Database (NPD)

The NPD is owned and managed by the DfE and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the DfE. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the pupil information we share with the DfE, for the purpose of data collection, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The DfE may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis;
- producing statistics; and
- providing information, advice or guidance.

The DfE has robust processes in place to ensure that the confidentiality of our data is maintained and there are stringent controls in place regarding access to and use of the data. Decisions on whether the DfE releases data to third parties are subject to a strict approval process and are based on a detailed assessment of:

- who is requesting the data;
- the purpose for which it is required;
- the level and sensitivity of data requested; and
- the arrangements in place to store and handle the data.

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.

For more information about the DfE's data sharing process, please visit:

<https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>.

Who may provide us with data about you

We receive information about pupils from a number of external sources, e.g. previous schools, local authorities, social services and the police.

We will explain to you when we receive information from any of these sources.

To make a request for your personal information, or be given access to your child's progress and attainment record, contact the school's Data Compliance Officer, or the Data Protection Officer of Hamwic Education Trust.

Please note that parents/guardians do not have an automatic right to see all information about their child and certain rights may only be exercised by a pupil or with their permission.

32 We keep your information for as long as we need to in relation to your employment. We will keep some information after you have left the Trust in case this is needed, for example, in relation to our legal obligations and in accordance with the School / Trust record retention schedule.

33 In exceptional circumstances we may keep your information for a longer time than usual but we would only do so if we had a good reason and only if we are allowed to do so under data protection law.

34 We can keep information about you for a very long time or even indefinitely if we need this for historical, research or statistical purposes. For example, if we consider the information might be useful if someone wanted to write a book about the Trust.

The school and Trust have a records retention schedule which can be found on the intranet or by requesting a copy from your School Data Compliance Officer (DCO).

- we also need to use your personal information to provide contractual benefits;
- if we provide you with accommodation under your contract we will use your personal information as part of this provision.

- to fulfil our duty of care to you and your colleagues;
- we have to fulfil our safeguarding duties towards pupils; and
- we may be legally obliged to disclose your information to third parties such as the DBS, local authorities or the police.

Vital interests

We may use your information where this is necessary to protect your vital interests or someone else's. For example, to prevent someone from being seriously harmed or killed.

Performance of a task carried out in the public interest

We use your information for a variety of reasons in the public interest, for example:

- facilitating our teaching requirements, for example, to help us decide which member of staff will teach a particular class based on skills, experience, qualifications and so on;

The Trust must also comply with an additional condition where it processes special categories of personal information. These special categories are as follows: personal information revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, trade union membership, genetic information, biometric information, health information, and information about sex life or orientation. The grounds that we are relying on to process special categories of personal data are set out below:

Employment, social security and social protection

The processing is necessary for the purposes of carrying out the obligations and exercising specific rights of the Trust and staff in the field of employment, social security or social protection.

Vital interests:

To protect the vital interests of any person where that person cannot give consent, for example, if they are seriously hurt and are unconscious.

Medical purposes

This includes medical treatment and the management of healthcare services.

Substantial public interest

The Trust is also allowed to use special categories of personal information where doing so is necessary in the substantial public interest. This is similar to "Public interest" in the table above, for example the Trust may use special categories of information when providing an education to pupils, looking after the welfare of pupils or when the Trust is inspected.

We may ask for your consent to use your information in certain ways. If we ask for your consent to use your personal information you can take back this consent at any time. Any use of your information before you withdraw your consent remains valid. Please speak to the DCO if you would like to withdraw any consent given.

In some cases, we will rely on more than one of the grounds above for a particular use of your information. For example, we may rely on legitimate interests and public interest grounds when using your information to safeguard our pupils.

Appendix 5: Data Breach Procedure for Hamwic Education Trust (the "Trust") and its schools'

1. About this procedure

This procedure describes the actions that must be taken by staff to report any incident which may result in a personal data breach. A "personal data breach" is defined in Article 4(12) of the General Data Protection Regulation as:

"a breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, personal data transmitted, stored or otherwise processed."

Often, when an incident first comes to light, it will not be possible to determine whether or not it constitutes a personal data breach. The term "incident" is used in this policy to describe any situation which may, upon investigation, turn out to be a personal data breach.

This policy should be read in conjunction with the Data Protection Policy which can be found on the Trust's website (www.hamwic.org) or on the Trust's intranet.

2. Identifying an incident

An incident may come to light in a number of ways. For example, it could occur by:

- direct observation e.g. where a member of staff spots that personal data has been sent to the wrong email address;
- being reported to us by a pupil or parent: e.g. where a pupil notifies us that she/he has received personal data relating to another pupil;
- being reported to us by another party, such as a contractor, a local authority or a member of the public; or
- an audit / review revealing that an incident had occurred.

3. Actions to take once an incident has been identified

Whenever an incident is identified, the following actions must be taken:

	Action	Responsibility	Timelines
1.	Report the incident to the Data Compliance Officer for the school (or, if unavailable, the Data Protection Officer of the Trust)	Member of staff who was first made aware of the incident	Immediately after the incident is identified

2.	Investigate and identify the full details of the incident to identify the cause	Data Compliance Officer for the school (with the assistance of the colleague who reported the incident)	As soon as possible following the incident being reported
3.	Identify any remedial action (see section 4, below)	Data Compliance Officer for the school	As soon as possible following the incident being reported
4.	Complete a formal Personal Data Breach Form and return it to the Trust's Data Protection Officer	Data Compliance Officer for the school	Within 48 hours of the incident being identified
5.	Review the Personal Data Breach Form and determine whether the incident constitutes a personal data breach or a 'near miss' (i.e. an incident which does not meet the definition of a personal data breach)	Data Protection Officer (in conjunction with the Data Compliance Officer for the school)	As soon as possible following step 4
6.	If necessary, decide whether to notify (i) the ICO; and/or (ii) individual data subjects, of the personal data breach (see section 5, below)	Data Protection Officer (in conjunction with the Data Compliance Officer for the school)	As soon as possible following step 4
7.	If necessary, notify the ICO of the personal data breach	Data Protection Officer	Within 72 hours of the incident being identified
8.	If necessary, notify individual data subjects of the personal data breach	Data Protection Officer	Without undue delay (in practice this should be done as soon as possible)

4. Taking remedial action

Following the reporting of the issue, the Trust's Data Protection Officer shall advise the relevant Data Compliance Officer what remedial action must be taken, in particular where pupils or parents are affected in any way by the personal data breach. Pupils or parents may suffer distress and inconvenience where they are aware that a breach has occurred. In some cases, they may be at risk of suffering financial detriment or physical harm as a result of the breach.

Remedial action should seek to mitigate any risks the pupil or parent has been exposed to as a result of the breach, to prevent similar breaches occurring in the future and to protect the Trust's and the school's reputation. Action will be dependent on case specifics, but the Data Protection Officer should consider the Trust's responsibility to act in the best interests of pupils and parents.

If there is any doubt at all about the remedial action required to be taken, the Data Compliance Officer must contact the Trust's Data Protection Officer.

Remedial action might include the following:

- If personal data is in the hands of a third party, it should be retrieved from the third party or deleted from the third party's IT system (please speak to IT for assistance);
- If the breach arose as a result of an IT issue, the source of the issue should be identified and rectified (please speak to IT for assistance);
- If the breach arose as a result of human error, the individual should be made aware of the error and where appropriate asked to undertake additional training or (only in the most serious cases) be subjected to disciplinary action.

5. Notifying a personal data breach

Under the General Data Protection Regulation, there is an obligation to report a personal data breach to the Information Commissioner's Office (ICO) 'without undue delay' and in any event within 72 hours of us becoming aware of the breach.

There is an exception to this reporting requirement where the personal data breach is unlikely to result in a risk to the rights and freedoms of the individuals affected. A decision on whether the breach must be reported to the ICO will be made by the Trust's Data Protection Officer following receipt of the Personal Data Breach Form.

Where the personal data breach is likely to result in a high risk to the rights and freedoms of individuals affected, there is an obligation to notify those individuals of the breach 'without undue delay'. A personal data breach that may result in a high risk to individuals may include where a parent is exposed to the risk of suffering financial detriment or physical harm if they are not notified of the breach. Where this is the case, then the Trust's Data Protection Officer must inform them of the breach by letter and make a formal apology. The Trust's Data Protection Officer will make the final decision as to whether notifying individuals is required.

Where pupils or parents are aware that they are the subject of a personal data breach, then they must be issued with a written apology. Brief details of the remedial action taken should be provided to reassure them, where this information can be provided without revealing any personal or confidential information.

Where appropriate, remedial action should also consider anyone other than the pupil(s) or parent(s) who may also have been affected indirectly. These individuals should also be sent a written apology to minimise the Trust's reputational damage.

As well as the requirement to report personal data breaches to the ICO, it may also be necessary to report them to other authorities such as the police. These actions should only be undertaken following consultation with the Trust's Data Protection Officer.

6. Follow-up action

To ensure that we learn from our mistakes, the school responsible is required not only to confirm that remedial action has taken place, but also that the causes of the personal data breach have been analysed

and action taken to ensure similar breaches do not occur again. Confirmation of this action is reported and saved by the Trust's Data Protection Officer as an audit trail.

7. Central logging of the issue

Once the school responsible has confirmed remedial action and any appropriate follow-up action, then, subject to:

- the pupil(s) or parent(s) being satisfied with the remedial action taken in respect of the breach and;
- the Data Protection Officer being satisfied that regulatory procedures have been followed,

then the breach can be marked as closed by the Data Protection Officer.

A copy of all breach forms will be kept by the Data Protection Officer and stored at the Trust's Head Office.
